- Please, read carefully the mounting instructions before mounting.
- Bevor Sie mit der Montage beginnen, lesen Sie bitte sorgfältig die Montageanleitung durch.

	 45 Kg		
	 3 H	 a = 13 (x2) , 19 (x2)	 Ø 9 ; Ø 10

N° 4690344 - 03/10

	<p><b>x 4</b></p>
	<p><b>x 2</b></p>
	<p><b>x 20</b></p>
	<p><b>x 12</b></p>
	<p><b>x 36</b></p>

**1**

**Démonter la barre de levage**  
**Die Stange zum Heben demontieren**  
**Take off the lifting bar**

2

**Demonten le toit de la megastar**  
**Das Dach der Megastar demontieren**  
**Take off the roof of Megastar**

3

**Démonten les brides et les étriers**  
**Die Schlaufen und die Steigbügel demontieren**  
**Take off bridles and stirrups**

4

**Démonter les tubes interieur**  
**Die Innenrohre demontieren**  
**Take off the internal tubes**

5

**Positionner les nouvelles brides entre les trous existants.**  
**Die neuen Schlaufen zwischen den bestehenden Löchern positionieren**  
**Set up the new bridles between the existing holes**

**6**

## Monter et viser les nouvelles brides et étriers Die neuen Schlaufen und die Steigbügel montieren Set up the new bridles and the stirrups

**7**

## Monter la barre de levage sur les nouvelles brides Die Stange zum Heben auf die neuen Schlaufen montieren Set up the lifting bar on the new bridles

8

**Positionner et passer le tube longitudinal dans l'étrier**  
**Das Längsrohr im Steigbügel positionieren und anbringen**  
**Set up and put the longitudinal tube into the stirrup**

9

# Viser le tube longitudinal sur la megastar Das Längsrohr an Megastar festschrauben Screw the longitudinal tube on the Megastar

1

2

Utiliser le levier du tube afin de rapprocher le tube contre la matière pour le visser.

Den Hebel eines Rohres nutzen, um das Rohr gegen das Material heranzurücken, um es anzuschrauben.

Use the control lever of the tube to make it closer from the material to screw it.

**10**

**Positionner et visser le deuxième tube longitudinal  
Das zweite Längsrohr an die richtige Stelle bringen und anschrauben  
Position and screw the second longitudinal tube**

**Reprendre les étapes 8 et 9  
Die Schritte 8 und 9 wiederholen  
Go back to steps 8 and 9**

**11**

**Serrer les brides et étriers  
Die Zäume und die Steigbügel pressen  
Squeeze the bridles and the stirrups**

12

**Positionner les tubes transversaux 1 et 2**  
**Die Querrohre Nr. 1 und 2 an die richtige Stelle bringen**  
**Position a transverse tube number 1 and 2**

**13**

## Viser les tubes transversaux 1 et 2

### Das Querrohr anschrauben

### Screw the transverse tube

**2**

Utiliser le levier du tube afin de rapprocher le tube contre la matière pour le visser.

Den Hebel eines Rohres nutzen, um das Rohr gegen das Material heranzurücken, um es anzuschrauben.

Use the control lever of the tube to make it closer from the material to screw it.

**14** Positionner les tubes transversaux 3 et 4  
**Die Querrohre Nr. 3 und 4 an die richtige Stelle bringen**  
**Position a transverse tube number 3 and 4**

**Reprendre l'etape 13**  
**Der Schritt 13 wiederholen**  
**Go back to step 13**

15

**Demonten les tubes de renforts horizontaux**  
**Die Rohre zur horizontalen Verstärkung demontieren**  
**Take off the horizontal reinforcement tubes**

16

**Monter et viser les tubes cintrés horizontaux**  
**Die horizontalen gebogenen Rohre anschrauben**  
**Set up and screw the horizontal arched tubes**

**Reprendre les vis, écrous et pattes ancienne version**  
**Die Schrauben, die Schraubenmütter und die Pfoten**  
**der alten Version zurücknehmen**  
**Take back screws, nuts and legs of the former version**

Mettre une première vis et faire levier grace au tube pour viser la seconde  
 Erste Schraube einstecken und Rohrhebel nutzen, um die zweite Schraube anzuschrauben  
 Set up the first screw and make control lever thanks to the tube to screw the second

Lors de la fixation du tube cintré inverser les pattes pour une ouverture du toit plus grande  
 Bei der Befestigung des gebogenen Rohres, die Richtung des Eckwinkels für eine größere Öffnung des Daches umkehren

During the fixation of the arched tube, reverse legs for a bigger roof opening

17

**Remonter le toit**  
**Das Dach wieder aufsetzen**  
**Reset the roof**
